

Bryce Lee

Santa Clarita, CA • hi@brycel.net • +1 (661) 221-0985

First-year mechanical engineering transfer student with hands-on experience in CAD, CNC machining, fabrication, and electrical work

Education

Pasadena City College • 2026 — Expected Transfer in Fall 2028

Mechanical Engineering Transfer Prep

Current Coursework: Calculus I & II, Calculus-based Physics I (College of the Canyons)

West Ranch High School • 2022 — 2026

Summa Cum Laude • GPA: 4.24W

SAT: 1550 (760 R&W, 790 Math)

AP Exams: 13 passed

Relevant Coursework: PLTW Engineering, AP Physics C (Mechanics + E&M), Physics 1, Calculus BC, Chemistry

Skills

CAD/CAM: Onshape Certified (assemblies, sheet metal, drawings, top-down design), Fusion 360 CAM

3D Printing: 5 years FDM, self-taught, speed/quality optimization

Fabrication: CNC panel router, laser cutter, drill press, bandsaw, chop saw, table saw

Electrical: Crimping, power distribution, motor controllers, soldering

Communication: Grant writing, in-person outreach, training

Experience

LA Metro — Transportation Career Academy Program Intern • Summer 2026

- Served as secondary project coordinator of a 20 member team
- Researched bus stops across LA County as part of a team developing a generalized proposal for cooler, more comfortable stops
- Contributed data analysis to the team's proposal

Leadership & Activities

FIRST Robotics Competition Team 11096 (“Δt”) — Co-Founder • 2025 – 2026 | **Mentor** • 2026 – Present

- Started a competitive robotics team from zero, recruited 15 members, secured shop access and sponsorships
- Raised ~\$18K through in-person outreach to 200+ local businesses and grant writing
- Led mechanical design, fabrication, and electrical - full competition robot modeled top-down in Onshape
- Trained members on design, shop equipment, and 3D printing with safety procedures
- Team won the Rookie All-Star Award

Awards

Future Business Leaders of America (FBLA) • 2025

- Competitive Event: Spreadsheet Applications
- 1st Place National, 1st Place State, 2nd Place Regional
- Timed tests on advanced spreadsheet construction, data analysis, and formula accuracy
